**Breeding-** Dam:

Sire:

***Sex Preference(Please Circle):***

Male

or

Female

or

No Preference

Non-Refundable deposit of \$\_\_\_\_\_taken on this date. After your application is approved and we have together determined a litter match, please review the deposit policy document (on website) and this deposit agreement. Signing this document is acknowledgment that you have read and agree to said deposit policy, to spay and neuter your pup by six months of age, and to provide a wonderful and loving home to one of our babies. Picking is done based on deposit order (further details in deposit policy). Although this has never happened, sale is pending the health check with Smiley Vet Clinic and if any medical problems are found with your chosen pup, your deposit can be refunded. If available a different pup can be chosen, or you can be moved to a future litter. Once we receive your signed deposit agreement and payment for deposit, we will scan and email you your signed copy of this agreement and your spot in the litter for your new puppy will be held! Final payment if paying by certified check is due on picking day or we accept CASH only on going home day.
